

Central Air Conditioner Rebate
What Do I need?

The central air conditioner has to be a minimum of a 14 SEER rating and must be Energy Star Compliant. T.I.P. will pay \$100 for a SEER of 14 or 15. A rebate of \$150 is given for a SEER of 16 or greater. We need a copy of the receipt which includes the make, model number, serial number, the A-coil model number and SEER rating (also, the furnace brand and model number if it is a new furnace) and a signed copy of the central air agreement form. There is a maximum of only 2 rebates per service.

We are not controlling air conditioners at the present time, but they will possibly be controlled in the future when it is deemed necessary.

The following is a list of what we need for the rebate:

1. Copy of the sales receipt
 2. Brand of central air conditioner _____
 3. Model number of condensing unit _____
 4. Serial number of condensing unit _____
 5. Brand of central air A-coil _____
 6. Model number of the A-coil _____
 7. SEER (Seasonal Energy Efficiency Ratio) _____
 8. ARI number _____
- [If it is a new furnace we need:]
- Furnace brand _____
- Furnace model number _____
